FILE

Dear Licensee:

On 03/20/98, a license with call sign WPLW505 (PW) CONVENTIONAL PUBLIC SAFETY POOL was granted to you authorizing a new facility or a modification to an existing facility. This action imposed additional construction and operation requirements upon you as a licensee.

Information submitted with your application indicates that you are a Commercial Mobile Radio Service (CMRS) licensee or a Private Mobile Radio Service (PMRS) licensee. Based upon the grant date of your license, the information provided in your application, and Commission rules, the deadline for constructing the station and commencing service to subscribers (CMRS requirement)/placing the station into operation (PMRS requirement) has lapsed. Unless an extension is granted, station licenses cancel automatically when construction and operation deadlines are not met. Please supply the following information regarding your station, and sign and return this form to the above address within 30 days of the date of this letter.

We are requesting this information pursuant to the Communications Act of 1934, as amended, 47 U.S.C. Section 308(b), and the Commission Rules to determine whether you have complied with the terms of your license. If you do not respond, we will cancel your license. For general information, please contact the FCC's National Call Center at 1-888-225-5322.

1. Check here ☐ if station is not constructed or is not operational, then sign, date and return this form as noted above. As appropriate, the license will be cancelled or superseded to delete the authority for this station.

2. If PMRS, the number of mobiles 100 in operation by construction deadline. If CMRS, the number of parties unaffiliated with, not controlled by, or not related to you as provider which are receiving service from the station.

3. Date you started to use the new station or additional channels (Month, Day and Year) 03/20/98

4. List all frequencies now in operation 482.5125, 485.5125, 485.6875, 485.6375, 482.3875,
484.425, 482.975, 487.425, 485.975

5. Station coordinates: 423703 Latitude 071-21-58 Longitude.

Willful false statements made on this form are punishable by fine and/or imprisonment (U.S. Code, Title 18, Section 1001), and/or revocation of any station license or construction permit (U.S. Code, Title 47, Section 312(A)(1)), and/or forfeiture (U.S. Code, Title 47, Section 503).

Dear Licensee:

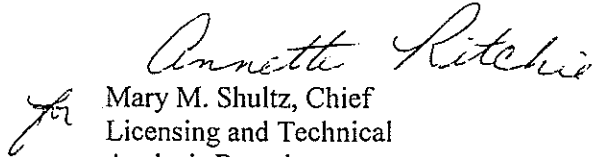

This refers to your Form 800-A, (copy enclosed), requesting information concerning your station. Your response did not include the following:

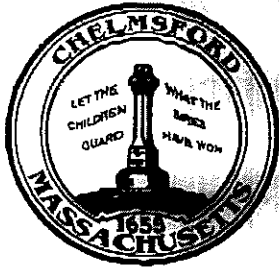

(X) The coordinates that were placed into operation. Our database indicates you are also licensed for 42-35-05/71-21-56 and 42-36-20/71-22-36, please explain and/or amend accordingly.

() Signature.

() Other:

Pursuant to Section 308(b) of the Communications Act of 1934, as amended, please furnish the requested information within 15 days of the date of this letter. If you fail to respond within that time, we will assume that the system has not been constructed and the license will be cancelled. Your radio service company may be able to assist you with the information. Send your reply to: Federal Communications Commission, 1270 Fairfield Rd, Gettysburg, PA 17325. Reference the referral number PS&PWDLTAB-553 or fax it to (717) 338-2696, attn: Annette Ritchie.
